## 2.) Menu List of Auto Store & Currency Switcher

The screenshot shows a dark-themed menu for the MageWares extension. The menu is titled 'MAGEWARES' and has a close button (X) in the top right corner. On the left side, there is a vertical navigation bar with icons and labels for 'DASHBOARD', 'SALES', and 'MAGEWARES'. The main menu items are listed in the center: 'Auto Switcher', 'Store Rules', 'Currency Rules', 'Rule Tester', and 'Configure'. A yellow callout box on the right side of the menu contains the text: 'Menu list for Mgaewares Auto Store & Currency Switcher'. The 'Auto Switcher' item is highlighted with an orange border.

Countries

- Afghanistan
- Albania
- Algeria
- American Samoa
- Andorra
- Angola
- Anguilla
- Antarctica
- Antigua & Barbuda
- Argentina

Languages   
In addition to geographic location, the browser must send an Accept-Language header with one of inputted languages. Enter one per line or leave empty to match any. **Note:** be careful with this setting. For advanced users only!

User Agent RegExp   
Input a fully valid regexp such as /iphone/i. This will only switch if the regexp matches the user agent. **Note:** leave blank to not switch based on user agent.

## 5.) Edit Store Rule

The screenshot shows the 'Add Rule' page in a Magento 2 admin interface. The left sidebar contains navigation icons for Dashboard, Sales, Products, Customers, Marketing, Content, Reports, Stores, and System. The main content area is titled 'Add Rule' and includes a search icon, a notification bell with a red '1', and a user profile icon labeled 'magewares'. Below the title bar are buttons for 'Back', 'Delete', 'Reset', 'Save and Reload', and a prominent orange 'Save' button. The 'GENERAL INFORMATION' section is active, showing a 'General' tab. A yellow callout box with the text 'Edit the Store rule' points to the form fields. The form includes: 'Status \*' set to 'Enabled'; 'Name' set to 'Store Rule' with a subtitle 'Optional name so you can remember the rule.'; 'Store View' set to 'All Store Views'; 'Website' set to 'Main Website'; and a 'Countries' dropdown menu with 'Afghanistan', 'Albania', 'Algeria', and 'American Samoa' visible.

## 6.) Edit Currency Rule

The screenshot shows the 'Add Rule' page in a Magento 2 admin interface, similar to the previous one. The left sidebar and top navigation are identical. The main content area is titled 'Add Rule' and includes the same search, notification, and user icons. Below the title bar are buttons for 'Back', 'Delete', 'Reset', and an orange 'Save' button. The 'GENERAL INFORMATION' section is active, showing a 'General' tab. A yellow callout box with the text 'Edit the already created Currency rules' points to the form fields. The form includes: 'Status \*' set to 'Enabled'; 'Name \*' set to 'Currency Rule'; 'Currency' set to 'Euro'; and a 'Countries' dropdown menu with 'Afghanistan', 'Albania', 'Algeria', 'American Samoa', and 'Andorra' visible.

# 7.) Download Geo Data

## Rule Tester

Download the geo data from here.  magewares
