1.) Store Configuration

The screenshot shows the Magento 2 Configuration interface. On the left is a dark sidebar with navigation icons for Dashboard, Stores, System, and MageWares. The main content area has a yellow header bar with 'System Messages: 1' and a notification icon. Below this is the 'Configuration' title and a user profile 'demouser'. A 'Store View' dropdown is set to 'Default Config'. A 'Save Config' button is in the top right. The 'MAGEWARES' section is expanded to show 'General' settings. The 'Cookie/Geo Message' setting is visible, with a 'Status' dropdown menu currently set to 'Enable'. Below the dropdown, the text 'Enable or disable' is shown. At the bottom of the page, the footer contains the copyright notice 'Copyright © 2017 Magento, Inc. All rights reserved.' and the version 'Magento ver. 2.1.7'. There are also links for 'Account Activity' and 'Report Bugs'.

3.) Manage Rule for Geo Cookie Message

The screenshot shows the 'Message Rules' management page in Magento. At the top right, there is a 'System Messages' notification with 1 alert. Below the page title, there is a search bar and a 'Reset Filter' button. A prominent orange callout box says 'Add as many rules as you want' with an arrow pointing to an 'Add Rule' button. Below this, there are filters for 'Actions' (set to 'All') and '5 records found'. A table lists 5 message rules with columns for ID, Status, Website, Store, Name, Countries, Sort Order, Created At, and Updated At. Two orange callout boxes with arrows point to the 'Website' and 'Countries' columns, stating 'Only show for selected stores /websites' and 'Only show to selected countries' respectively. A third orange callout box with arrows points to the 'Name' column of the fifth rule, stating 'Add promotional message which you want to show at frontend for specific countries /regions.' The footer contains the Magento logo, copyright information for 2017, and links for 'Account Activity' and 'Report Bugs'.
